Scan documents with your iPhone in **6** easy steps:

1 Open the Notes app

2 Create a new note
Select this icon from the bottom right corner of the screen

3 Select the Camera icon
This icon appears at the bottom of the new note and above your keyboard.

4 Click Scan Documents
Choose the Scan Documents option from the menu that comes up.

Scan Documents

5 Scan your document
It almost looks like you are taking a photo, but a yellow box will appear around your document. Scan all pages of the document and crop as needed. Select done and save.

6 Pass along your document
Select the three dots in the top right corner and select Send a Copy".
Then choose how you want to send your newly scanned document!
